

finger tip control

**"The Best Kept Secret
In Professional Sports"**

What is it? What can it do?

- TG is a training glove that breaks old habits and develops new correct habits with fingertip control.

-TG is scientifically designed to improve touch through neurological response via repetition = fingertip control! ...for shooting, throwing, receiving, rebounding, passing, and dribbling in all ball sports.

-TG guarantees that any player is properly positioning their fingertips on the ball 100% of the time.

-TG will improve your game every time you touch the ball. -TG is and has been used by over 25 of the top elite players in professional basketball.

- TG works for basketball, football, baseball, volleyball, rugby, water polo and more...
